

INVITATION for a free WEB-SEMINAR
On Wednesday June 2, 19:00-19:45 (CET)
Metronomic chemotherapy

Dear colleagues,

Today we would like to invite you to our next webseminar in our online series on "**metronomic chemotherapy**"

Metronomic chemotherapy is a special type of tumour treatment with cytostatic drugs. Due to its oral administration, this form of treatment is considered simple, as well as being a 'more mild' chemotherapy. Nevertheless, metronomic therapy represents a highly potent treatment with chemotherapeutic drugs. In this webinar, the principles, modes of actions, as well as "do's" and "don'ts" of these special antineoplastic treatments are shown, discussed and exemplified by a case report.

SPEAKER

Daniela Simon Betz
Author & Translator | Speaker | Oncology Specialist

She grew up in Morocco and Germany. She studied veterinary medicine in Berlin and Hannover and decided very early-on to specialize in internal medicine and oncology. She is a Diplomate of European College of Veterinary Internal Medicine - Companion Animals (ECVIM-CA) in 2 specialties, oncology and internal medicine and an EBVS-accredited specialist in small animal oncology.

Her professional step stones include Tufts University (USA), University Utrecht (NL), the Tierspital Zürich (CH) and foremost the Small Animal Clinic of the University of Veterinary Medicine in Hannover (GER), where she was a long-term clinician and lecturer with increasing seniority, as well as advisor and supervisor of Residents & Doctoral students, as well as Head of Oncology R&D with Novartis Animal Health in Basel (CH).

Webseminar on metronomic chemotherapy

Date: Wednesday, June 2nd, 2021

Time: 19:00 – 19:45 (CET)

You can register **free of charge** on the following link:

https://laboklin.zoom.us/webinar/register/WN_kJNDaiOKTGcX_TdmdUd1kw

Should you have any question, please feel free to contact us on webseminar_int@laboklin.com.

After your registration, you will receive a confirmation email with a link for the webseminar.

Please make sure to visit our website regularly, or sign up for our newsletter, in order to be informed about future online events.

We look forward to seeing you online!

Your LABOKLIN Team
